Money Management Workers and LLN Students with David From CDU

TITEB Money Management Workers and Language Literacy and Numeracy students are undertaking a Baking course with David from Charles Darwin University.

The course will be conducted over 4 weeks and students who complete will receive a Certificate I in Retail Baking.

These students will then be able to train other people in their communities to bake healthy nutritious bread, bread rolls and cakes using the commercial ovens TITEB has set up in the training centres on the Islands. TITEB will supply the ingredients and people will be able to drop into the centres and bake what they want and take it home to their families.

This program and the cooking program they are doing with Steve from CDU is being funded by the NT Government and are improving the outcomes from our Money Management Program funded by FaHCSIA and our Language Literacy and Numeracy Program funded by DEEWR. These programs are really making a difference to Tiwi Lives!

Money Management Workers and LLN Students Cooking with Steve from CDU

The Cook for the Family program is funded by FaHCSIA and taught by Steve and has been a huge success on the Islands. The students learn to cook cheap nutritious meals using only a frying pan and rice cooker and local bush tucker combined with ingredients they can buy at the local shop. Most of the students don't have cooking facilities at home so they each take home a frying pan and rice cooker and recipes designed by Steve after the course!

Steve and the ladies invited Cyril to be the first to taste their food!

Donessia and the ladies at Milikapiti baked all of this after only one weeks training with David from CDU. The pumpkin cake made with fresh pumpkins from the Milikapiti farm was a big hit!!
